# Welcome.

Thomas, Theo en Corné Huntink

## Manufacturer and supplier

Corthogreen is a specialist in developing and producing seed-related products and sustainable business gifts. In 1888 is the company founded and with proud they belong to the oldest and also the largest producers of seed-related products. The main goal of this innovative company is to inspire their customers with new technologies and creative designs.

All our orders are produced at our family business, using the most modern machines in accordance with international standards. We use Laudenberg filling equipment, CPU seedpaper production machines, seedtapes machines and a range of other packaging machines.

All our products, customized seed packets, seed paper, seed tapes, give-aways, mini greenhouses, greengift displays and zinc mini buckets are subject to continuous quality monitoring by NAK-tuinbouw, the Dutch seed inspectorate. So quality and reliability remain our first priority!

Take a look at the following pages for your advantage and interest and contact us directly for customized possibilities and further advice! We are proud to present our assortment and a lot of new products.

Team Corthogreen B.V.

## Made in Holland

Quality is very important for us and therefore we know exactly where our raw materials come from. Mainly, we buy our raw materials in the Netherlands or somewhere in Europe. We make our products only in our factory in Terborg that is located in the Netherlands. This gives us a constant view of the production process and the quality we deliver. You are always welcome to visit us and see it by yourself.

## Unique developed products

Careful for you selected and based on the yearly holidays: Growing sets with flowers for spring and easter, tasty herbs to grow in your kitchen, green Christmas gifts and much more. All the experience of the Corthogreen team and best selling product information is put in the development of this range. The range stands for the best product developments, the finest seed quality and the best packaging ideas. All the products are made in The Netherlands and full fill the high Corthogreen standards on corporate social responsibility.

## Sustainability

Sustainability and Corporate Social Responsibility (CSR) are important values in the mission of Corthogreen. In addition to the economic value, we also create social value. We do this in the field of making products that will not damage the world where we are living in. The social value is also focussing on our own packaging company 'Hupackso' with people who have a distance to the labour market.

## “Doing what you are good in.”

That is important for us. Our customers do what they are good at. Therefore, Corthogreen wants to unburden its customers when it comes to purchasing seed-related articles and sustainable business gifts. We can do the whole process for you: brainstorming, designing, manufacturing, packaging and the distribution

ORIGINAL  
SEED PAPER

# The best.

## The best seed paper manufacturer in Europe!

We are proud to be one of the leading seed paper manufacturers, with more than 40 years of experience in manufacturing seed paper. Creating the best seed paper product for our customer is the common goal in our company. We are committing our greatest efforts to stay innovative in sizes, seeds, grammages and printing techniques. The whole production of seed paper is in The Netherlands with self-developed seed paper production machines. In combination with different processing machines, we create that unique customized product.

The self-developed seed paper or 'Corthogreen original seed paper' series consists of the following grammages (tissue and silk paper):

- 40 g/m2
- 50 g/m2
- 80 g/m2
- 200 g/m2

## Benefits Corthogreen original seed paper

- Easy to use
- Fully biodegradable – approximately 3 weeks
- High-quality standards
- Dutch production – made in The Netherlands
- More than 40 years experience in manufacturing seed paper

Original seed paper 80 gram is produced from 100% recycled paper!

- a. 441404/5 | Seed paper for the insects in the garden
- b. 100609 | Seed packet with bee flowers
- c. 442309 | Biodegradable pot with eco friendly flowers
- d. 443901 | Seed bombs for bee friendly flowers

# Friends of nature.

Save the nature by start growing flowers and plants in your own garden or on your balcony. Bees, butterflies and other insects will enjoy the tasty flowers. Together we make the world a little bit greener every day.

9.

Skal BIO CONTROLE

## Organic Seeds

„Consumers are becoming more aware of what they are buying and also take more care to protect their environment. Since the beginning of 2015 we are SKAL certified. This means that we are allowed to trade organic seeds and process them in our products. For this we are under the control of the following authority: Skal, Bio control.“

Skal number: 103975 NL-BIO-01

naktuinbouw

## Naktuinbouw

Quality of seeds is important for Corthogreen, in origin and germination rate. The quality of the seeds is monitored by the NAK Tuinbouw (the Netherlands Inspection Service for Horticulture) and Corthogreen is officially registered at this organisation. In this way, the quality of the seeds can be guaranteed for the customers.

## Biodegradable products

„The global waste gets bigger and bigger. That is why Corthogreen thinks it is important that their products are as biodegradable as possible. Our seedpaper and seed ribbons are 100% biodegradable. This is also an important aspect when developing new products.“

For example, the development of grow sets with biodegradable pots. We want to reduce the use of plastic so we use as many recyclable packaging materials as possible. All products can be found in the product category „zero waste products.“

# Top quality.

# Business gifts.

Loyal customers are valuable, so you want to spoil them once in a while. These business gifts are original, environmentally friendly and colourful.
